TOY MATE®

HOUSIE

Entertainment for every Home

Game Benefits:

- Time Management
- Curiosity Building
- Improves Social & Family Bonding

Rules for playing Housie:

Distribute the cards to the desired number of players. Shuffle the number tiles in the bag, pick one number and call the same. Players having the called-out number, should fold it on the card. Continue doing the same till the game ends. As decided earlier, the game can be played as the first line, the second line, the third line, the four corners, or the full Housie. At the end of the game, the numbers can be folded back in, and the cards can be used in another game another time. Come...Play with us.
